Community Policing News – Tweeddale East & West – PS James Harrison

The Scottish Partnership Against Rural Crime (SPARC) is a multi-agency partnership involving key organisations collectively working together to prevent, reduce and tackle rural crime. Police Scotland are proud to be a part of this partnership and delighted that they chose the Scottish Borders as the location to launch a recent media campaign (see photo). By working together, we can reduce opportunities for criminals.

Police Scotland take an active part in this partnership and carry out static road checks at night in rural areas, frequently take part in Op Checkpoint (a cross-border exercise with English police forces to deter and detect travelling criminals), and thoroughly investigate all rural crime reported to us. However, the Borders is a vast rural area which can present some difficulties to police.

I believe that the local community are also part of this partnership. You can help by reporting anything suspicious to police, using 101 if not an emergency or 999 if you suspect a crime is ongoing. You can also report online via the Contact Us form. Report suspicious vehicles or persons, with a description (including vehicle registration plate if possible). Police may not always be able to attend immediately, but every piece of information helps us build a picture, and allows us to focus resources more accurately. Please also try to prevent crime. Join Neighbourhood Watch (see neighbourhoodwatchscotland.co.uk) or Rural Watch (scottishparc.co.uk), or contact Crimestoppers (0800 555111). Ensure you secure your property and belongings properly, lock bikes away and don't leave keys in vehicles. We are currently training more Community Beat Officers on Crime Prevention, if you want more advice or guidance please contact your CBO via the CPT mailbox on the bottom of this MMWR.

Tackling Serious and Organised Crime

Serious and organised crime enforcement – September 2023

The Scottish Borders CID Proactive Unit executed 9 Drug Warrants across the command area during September, all except one were positive and a variety of MDA charges were proffered against 10 persons. Heroin, cocaine, benzodiazepines and cannabis were all recovered during these searches in addition to large sums of cash and suspected stolen property.

They also assisted other CID departments in the area with stolen property warrants for housebreakings across the Scottish Borders and in relation to serious sexual offences. In total 14 warrants were executed across the division by CID.

The CID Proactive Unit have a number of live inquiries in relation to Serious and Organised Crime which, once concluded, will be subject to media releases.

They would like to re-inforce the message to all wards that any drug related crime or organised criminality in the Scottish Borders can be anonymously reported via CrimeStoppers, who are an independent charity not connected to the Police. The public can of course still use 101 for this purpose too.

A number of bespoke business cards explaining the benefits of and reassuring any caller to CrimeStoppers have been produced and can be circulated amongst the Wards should this be deemed useful.
