Flood Protection Products
available through Discount Scheme

Scottish Borders COUNCIL

Ventguard Products Ltd
www.ventguard.org

Waterproof seal · Airbrick · Special catch · Ventguard steel plate · Handle
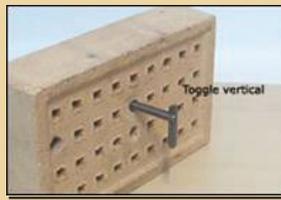

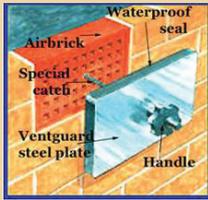

The first source of flooding is usually through airbricks like this

Step 1. Insert rod through Ventuard and the airbrick.

Step 2. The catch on the rod grasps the back of the airbrick.

Step 3. Turn the handle to fasten the Ventguard against the brick.

Available in two sizes — Standard 9x6 · Small 9x3

MAXIMUM GRANT NOT TO EXCEED £650 PER PREMISE

Prices from November 2021 and subject to available funding for the scheme

How the Discount Scheme Works

The scheme is available to anyone, private householders or businesses, whose property is at risk from flooding.

Scottish Borders Council will purchase selected products at cost price and make them available with an additional subsidy against each product (each product is sold at a reduced price).
The maximum subsidy for any single householder/ business is limited to £650.

In the event of the £650 maximum being reached then all products over this limit will be sold at cost price.

CARO Flood Defence Systems

www.caroflooddefence.co.uk

Made-to-measure flood defence doors made from lightweight aluminium panels

This flood defence barriers come with two permanently-fixed vertical channels ("runners") fitted either side of the doorway. This way, the aluminium panels can be quickly slotted into position, when required.

Available in increments of 30cm up to a height of 1.2m and for any width.

Face fix

Fixed to the outside of the wall opening

Reveal fix

Wedged into the wall opening

Subsidised Scheme Prices

Savings on RRP of around 50% - Please enquire for prices

Prices for example barriers
Regular door (930mm wide x 600mm high) with discount: £214.26
Patio doors (1630mm wide x 600mm high) with discount: £465.86
(Prices could be subject to change)

Please note: *Should a property require multiple CARO barriers or other subsidised flood poducts in addition to a CARO barrier, the total subsidy available for the property would be limited to £650, as per the terms of the scheme (refer to page 2).*
