Have you registered your bike with [@BikeRegister](#)? 

BikeRegister is the UK's national cycle database and is used by every UK police force to help identify and return stolen and lost bikes to their rightful owners.

Registration is completely free and only takes a couple of minutes. Once registered, owners can securely record their bike's details, frame number and photographs, making it much easier for the police to identify recovered bikes and reunite them with their owners.

For additional protection, BikeRegister also offers a range of highly visible and forensic security marking kits. These act as a powerful theft deterrent while providing police with a clear indication that a bike is registered on the national database.

Keep your eyes peeled for the local Police Scotland Youth Volunteers carrying out FREE bike security marking in the area over the coming months.

Anyone with information relating to any criminal activity can contact Police Scotland by dialling 101 or alternatively anonymously by calling **CRIMESTOPPERS** on **0800 555111**.
